Create an account

- Go to <http://www.socrative.com/> and sign up for a free account
Once you have an account and are logged in as a teacher, you will see your dashboard which looks like this:

- You may wish to change your room name, which tends to be a bit long when you first create an account. To do this, click on **Settings** then **My Profile** in the top right-hand corner

You can change your room name here and click on Save

Create a Quiz

- ③ To create a quiz, click on **Manage Quizzes**.
Then click on **Create Quiz**.

- ④ Select the type of quiz question you wish to create (you can use all 3 in one quiz if you wish)

ADD QUESTION:

For example if you wish to create a True/False question, type the question in the box, then click on True or False for the answer. If you wish to add another question to your quiz, click on your question choice under Add Question (as seen above and below)

The screenshot shows the 'ADD QUESTION' interface for a True/False question. The question is titled '#1 True/False Question'. There is a text input field for the question. Below it, the 'Correct Answer:' section has two buttons: 'True' (green) and 'False' (blue). The 'Explanation:' section has a text input field. At the bottom left, there is an 'Add Image' button with a camera icon.

ADD QUESTION:

- ⑤ Once you have finished compiling your quiz, give it a name and click on Save & Exit at the top right

Using the Quiz

- ⑥ To do the quiz with your students, go back to the Dashboard and click on **Start a Quiz**

- ⑦ Click on the quiz you wish to use

Select the criteria for your quiz (tip: disabling student names gives students confidence as their input is anonymous)

WHAT TYPE OF QUIZ ARE YOU STARTING?

STUDENT PACED - IMMEDIATE FEEDBACK	STUDENT PACED - STUDENT NAVIGATION	TEACHER PACED
------------------------------------	------------------------------------	---------------

Students receive immediate right/wrong feedback and explanations after they answer each question. Students answer questions in order and cannot skip or change their answers. You are able to monitor their progress via a Live Results Table.

What your students need to do

They should download and open the Socrative Student App (tip: you may wish to advise them to download the free app prior to your lesson)

Alternatively, students can access Socrative through the web-based link (<http://www.socrative.com/>) and click on Student Login

Once logged in (or app opened), they enter your room name (see step 2) and follow the instructions
