# Delivering Higher Education online

Houda Bouslama

March 2015

The Role of Université Virtuelle de Tunis

It was initially created in 2002 to spread distance-education, lifelong learning and foster ICT integration in higher education sector by providing frequent training programmes to Tunisian public institutions and universities.

Unit14: Working Together

UVT Portal - British Council English support materials

The portal aims to support English teachers in tertiary level by providing a comprehensive range of useful resources, with online learning materials and activities to complement face-to-face teaching, including

- ❑ lesson plans and activities,
- ❑ audio and video files and
- ❑ useful links and websites.

Make teachers aware of
the teaching resources available on the
UVT portal, including BC materials,
and how to access them.
