

# The Peer Facilitator 2020 Virtual Meeting in Tunisia

**Young Mediterranean Voices** programme in Tunisia postponed their annual National Debate Training due to COVID-19 outbreak and chose to welcome their 2020 Peer Facilitator applicants through a Virtual Meeting.

*"To me, debating means Life. I chose to apply as a Peer Facilitator because I wanted to become a part of this programme and make a change within the Tunisian youth by helping them know the meaning of debating and giving them a chance to speak up. It is also an opportunity to improve my skills and competencies and to become more confident while speaking and presenting ideas" - Wijden Ben Hcine*

During the Virtual Meeting, held on 16 March 2020, the newly selected Peer Facilitators got to know the Master Facilitators and learn more about the programme and their role. By the end of the meeting, an interactive game took place to make the call more efficient and engaging.

*"To me debating means open minds, minds that I want to see and meet wherever I go. Minds that I want to teach and teach with. Minds that I want to live with in this country.*

*I chose to apply as a Young Mediterranean Voices' Peer Facilitator because it is a great self-improvement opportunity for me. The role of a facilitator is very similar to the role of a teacher which is my job. That is why, looking at it from a different angle, I see it as a career development chance" - Islam Belkahla*
